## Rebranded as L.I.F.E (Learning In a Football Environment)

I left school at 16 and went straight into the L.I.F.E Sports Course. It has gave me great opportunities to meet different people and see new things. The two lads are great with us with the work, they are very helpful and supportive. I now have my CAO Points and can access a third level education"

LEWIS

"Being able to do a course like this full time was a privilege especially with the benefits that came with it. The skills and knowledge I got from being here will stick with me for life. Not just the career opportunities but the memories and friendships along with it really made it special and I'm grateful for that."

EGZO

"Thanks to the lads I've got so many qualifications which I have never thought I would have. They have helped me out with becoming a personal trainer, and now my job is set for life. Couldn't have asked for more off them because they've done loads and I'm grateful."

## Farewell Cian

Cian wanted to be a personal trainer more than anything. Fantastic attitude in the gym, and in the classroom. He leaves behind a legacy as an inspiration to all our participants and future participants.
